

OTTAWA CHAPTER NEWS FALL 2017

"I've come to believe that each of us has a personal calling that's as unique as a fingerprint – and that the best way to succeed is to discover what you love and then find a way to offer it to others in the form of service, working hard, and also allowing the energy of the universe to lead you." — Oprah Winfrey

I would like to thank all the families and friends that came out on a beautiful Saturday morning to support our Ottawa Chapter TS Walk for Awareness on September 17th and the beautiful girls and women in our lives that have Turner syndrome. We raised over \$2000.00 and had a lot of fun!

This fall we have two events coming up, please see the side bar for information. The date for the Christmas Party is to be confirmed and I will let everyone know as soon as possible which date it will be.

Enjoy the beautiful weather!

Warmly,

Wendy Gee

Executive Director TSSC

Live Love Laugh

RSVP Wendy at info@turnersyndrome.ca

Fall's recommended read *Rides that Way* by Susan Ketchen

Some people are unstoppable, even when saddled with family secrets and missing an X chromosome.

When Sylvia's equestrian plans are reined in after she's accused of dangerous riding, she realizes she's been ignoring an important personal decision.

Granted, there have been other distractions. She's been saddled with family secrets. Her relationship with Logan Losino has become utterly confusing. And sometimes the person who seems to understand her best is her former tormentor, Topaz.

No wonder Sylvia wants to distract herself by leaping dangerous obstacles on cross-country courses.

Too bad she can't.

And the clock is ticking. She's almost fifteen. It's time to start estrogen treatment. Or not.

Susan Ketchen

Susan Ketchen was born in Nanaimo, B.C. She holds an M.Sc. degree in Marriage and Family Therapy. She has successfully pursued an alarming number of not overly-long careers and now resides on a small Vancouver Island hobby farm with her husband, two horses, two cats and a flock of chickens.

Susan's books are available online and through local bookstores and libraries.
